MARSIM 2020 International Conference on Marine Simulation and Modelling 10.-13. August 2020

The MARSIM 2020 will be held in Svendborg, located in the south of the island of Fyn in Denmark. The maritime industry is one of Denmark's largest export industries being the 5th largest in the world in terms of operating tonnage, and the 13th largest in terms of owned tonnage. Especially the area in Svendborg has been a significant player in the maritime industry and is a key player in the training and development of the Danish merchant fleet.

Submissions

For the conference we invite two types of submissions:

- Scientific papers
- Practical papers and abstracts for presentation

Abstract Submission Guidelines

- New trends in computer simulation technology
- New approaches for using simulation for e.g. research, development, troubleshooting and surveillance
- Digital clones and simulation
- Simulation applied in education and training
- Simulation applied in research and development
- Computational and mathematical modelling
- The role of instructors, assessors and supervisors in the simulation loop

Svendborg

- Capital of South Fyn

Svendborg is a charming town with a bustling commercial community. But Svendborg is also Denmark's only Cittaslow town. Cittaslow is all about focussing in the quality of life. It's about engaging in the present and finding your own pace.

And not least,

it's about giving yourself time to enjoy the good things in life

Give yourself time to wander the charming streets discovering the exciting back courtyards where you'll find hidden-away eateries and shops. Relax in one of the town's many cafés by the harbour, overlooking the sound amid the pulsating street life - when you want to enjoy a coffee or take a bite to eat, the view is up to you.
